

Mad about numbers? Apply now!

We are an 'innovative employer with a great team'. At least, that's what current and former employees say about us on review portals. We would just add that we are a hidden champion. A family business with its roots in the Eifel region, we distribute worldwide and provide our customers with innovative solutions that sustainably improve animal welfare. Our multinational team of experts works from our headquarters in Niederzissen as well as various locations around the world. Together, we are committed to making animal nutrition healthier, more successful and more sustainable. In order to continue on our path of healthy growth without losing sight of our objectives, we are urgently seeking an

Accounts and Controlling Manager

You enjoy:

- > preparing, monitoring and evaluating cash flow forecasts, budgets and calculations,
- > responsibility for bookkeeping, for preparing and reporting on business figures, and for monthly and annual financial statements,
- > being the contact for external auditors and banks, both national and international,
- > optimising processes and enabling digital transformation.

You bring with you:

- > a degree in business administration with a focus on finance and controlling, or a comparable qualification,
- > relevant professional experience,
- > ability and willingness to work both "hands-on" and strategically
- > high creative will combined with implementation strength,
- > good knowledge of integrated accounting systems,
- > proficiency in MS Office, ideally experience in MS Dynamics 365 Business Central as well as Easy Archive, and
- > fluency in English (C1).

You can expect:

- > a varied working day and lots of flexibility in a secure industry,
- > remuneration based on performance and a beautiful workplace in the countryside,
- > a flat organisational structure in a value-driven family business that has been named 'Top Arbeitgeber im Mittelstand' (Top 'Mittelstand' Employer) by FOCUS magazine, and
- > the best team in the world.
