

Eloquent techie? Apply now!

We are an 'innovative employer with a great team'. At least, that's what current and former employees say about us on review portals. We would just add that we are a hidden champion. A family business with its roots in the Eifel region, we distribute worldwide and provide our customers with innovative solutions that sustainably improve animal welfare. Our multinational team of experts works from our headquarters in Niederzissen as well as various locations around the world. Together, we are committed to making animal nutrition healthier, more successful and more sustainable. In order to continue on our path of healthy growth without losing sight of our objectives, we are urgently seeking support in
